Dedication 1981: Mr. Henry Massaro

The Massaro family: Steve, Teresa, Linda, Dorothy, and Henry.

At right: Mr. Massaro and Steve with their plaques of recognition for their contribution to the completion of the stadium

The 1981 La Entrada is dedicated to Henry Massaro. Mr. Massaro is a native Chowchillian, born in 1926 in the Ashwiew district. He attended elementary school in the old Central School District. He attended Chowchilla High School where he was active in FFA and a member of the baseball team.

After graduating from CUHS, Mr. Massaro worked on the family farm and dairy until entering the US Army in 1950. He served two years in the Army, including 14 months in Germany. Upon his discharge he returned to operate the family dairy in Chowchilla.

In 1955 Mr. Massaro married the former Dorothy Di Salvo in San Jose. They have three children, Steve 24; Teresa, 20; and Linda, 16. Steve is a graduate of CUHS, attended Fresno State, and is now involved with his father in the family farming and dairy business on Road 16. Teresa is also a CUHS graduate and is presently a student at Fresno State. Linda is a junior at Chowchilla High.

He is a member of the Merced Milling Co., the Danish Creamery Association, the D.H.I.A., the YMI, and the Fresno-Madera Holstein Club. He enjoys athletics and has plans to travel in the future.

Wedding bells for Mr. & Mrs. Massaro!

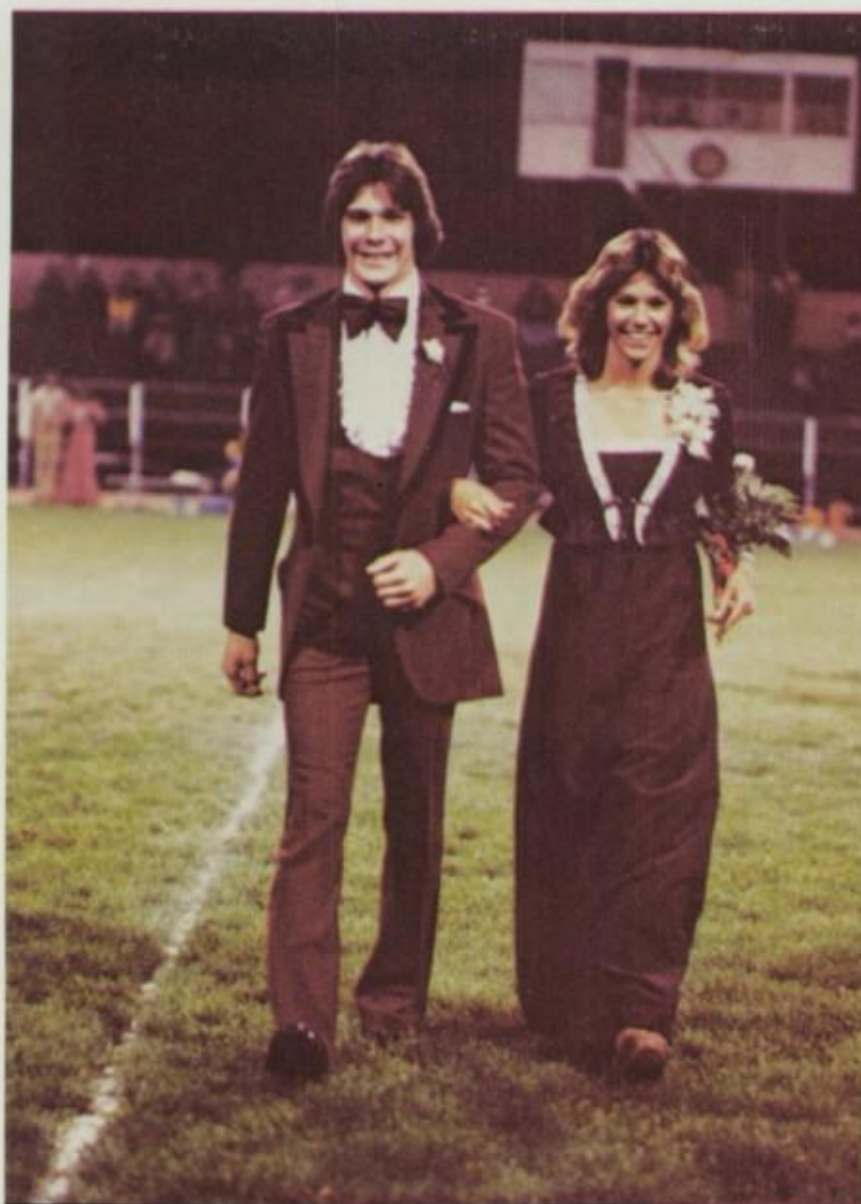

Mr. Massaro as a child

Mr. Marvin Tuffs congratulates Mr. Massaro on a job well done.

Mr. Massaro has served as a member of the CUHS Board of Education for the past seven years. During his tenure on the Board, Chowchilla High has witnessed extraordinary academic, athletic, agricultural and musical accomplishments by CUHS students. During the past year Mr. Massaro personally spear-headed a drive to build a new football stadium. Mr. Massaro's personal dedication and contributions have resulted in the excellent facility we now have. Mr. Massaro is a soft-spoken, occasionally reserved individual who has the respect of the community. The 1981 La Entrada is dedicated to this truly exceptional man.

An exciting Homecoming Week ended with the crowning of Julie Carroll as queen and varsity and junior varsity football victories.

It was a week to remember. Monday featured lots of hot air during the bubble gum blowing contest; Tuesday saw the candidates tossing eggs; Wednesday the muscles came in to play as a might tug-a-war took place; Thursday the big chugger was identified during the pop chugging contest; Friday it was heads over heels for the somersault competition.

The big day was Friday, featuring the downtown rally (won by the seniors), the two games, the coronation, and the Homecoming dance in the gym. It was a successful event.

N.S.L. Champs Finish Ninth In Valley

Robert Flores gets set to tag a Tranquillity base stealer.

Roger Schuh makes game saving catch against Tranquillity.

The 1980 Chowchilla Varsity Baseball Team had the most successful season in the school's history. The Skins were crowned North Sequoia League Champions after winning nine of ten league games. They went 20-6 for the overall season, which was the highest win total ever. They advanced to the semi-finals of the Valley Playoffs before they were stopped by eventual Valley Champions Woodlake High School.

Along the way, the skins' captured tournament championships in the Orosi and the Chowchilla Lions Tournament. The Redskins finished with a ranking of ninth in the valley rating, also a first for the baseball program.

The team made up of 12 juniors and 3 seniors combined excellent pitching,

Back L.R., Coach R. Scott, S. Benard, M. Todd, M. Vlot, G. Schoonhoven, Front L.R. M. Steele, J. Flores, R. Pistoressi, R. Harris, E. Brown, G. Espinola, B. Ladd, D. Schuh, R. Flores, F. Fagundes, J. Allen, D. Hansen

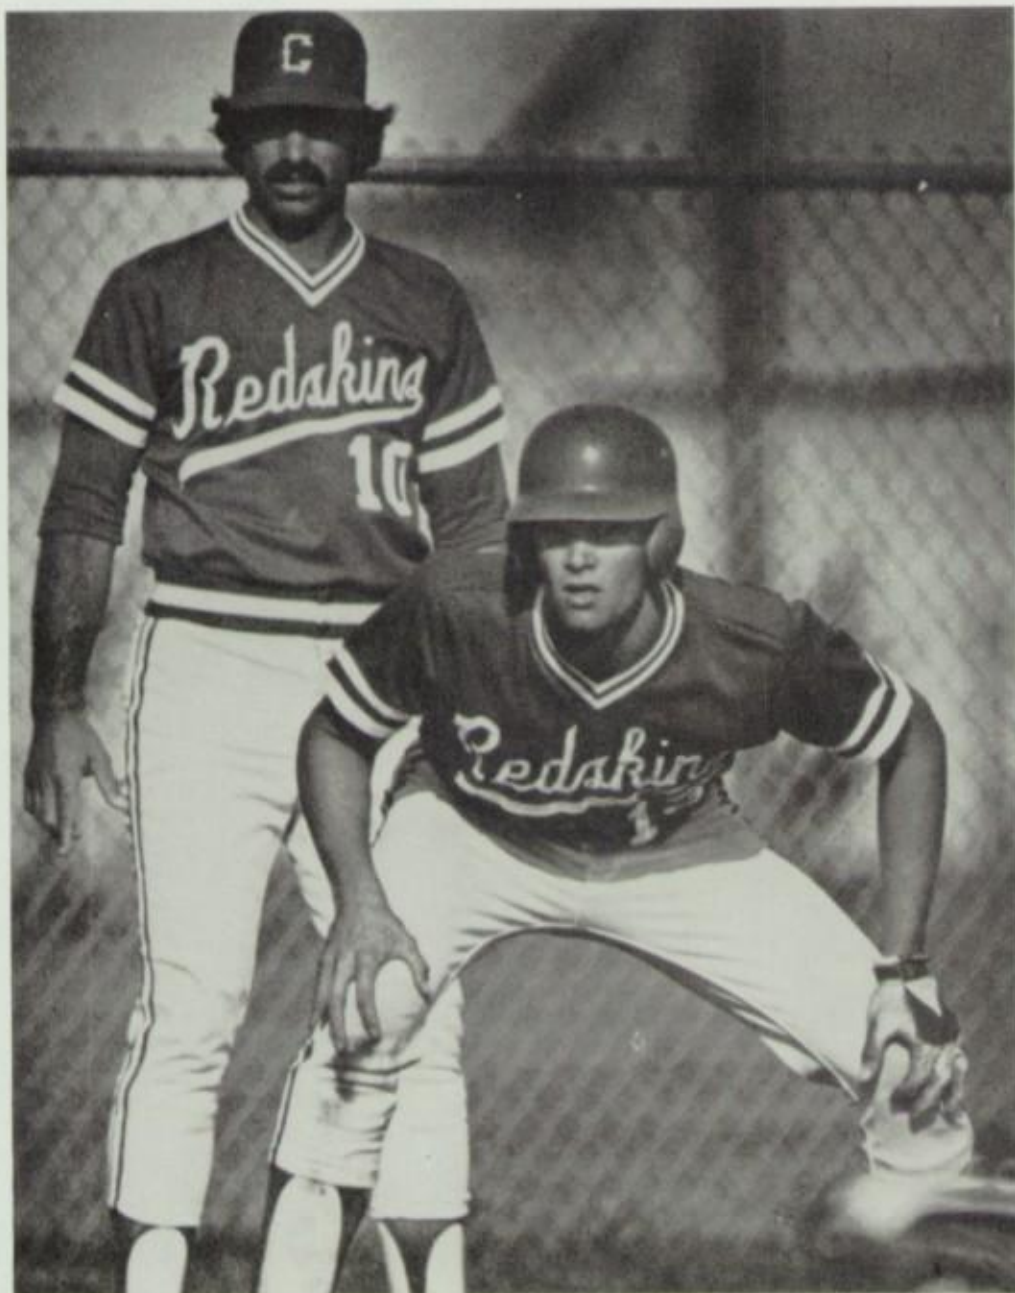

smooth fielding, strong hitting, and great enthusiasm to achieve their successful season.

The Redskins were well represented on the All-NSL Team. Pitcher Jimmie Allen

finished with a 10-1 record to win "Player of the Year" honors in the N.S.L.

The season was capped off by Steve Benard and Evan Brown being selected for the prestigious Fresno

City-County All Star Game. Coach Ron Scott was selected as an assistant coach for the county. It was the first time Chowchilla Baseball was involved with the City-County game.

Catcher Russell Harris leads off third during tournament action.

The 1980 Junior-Senior Prom was held at the Little Theatre on the Chowchilla Fairgrounds. Approximately 100 persons attended the uniquely decorated event. The decorations for "Middle Earth" included a footbridge, Hobbits, murals, mushrooms and trees. The 1980 Prom is presented in the opening section of the 1981 La Entrada as it occurs too late in the year.

Despite Bad Times, CUHS Continues To Make Progress

The Henry Massaro Football Stadium.

Proposition 13, declining enrollment, and inflation have each had an effect on funding at CUHS. There are fewer teachers and less money.

Despite the shortages, CUHS has, through outside assistance, continued to progress and change in some areas.

A new football stadium was the biggest project, and was appropriately named "Henry Massaro Football Stadium." Mr. Massaro donated countless hours, considerable money, and some materials to this project. Other community members donated time and money, too, and were recognized at the dedication. The District used a \$50,000 recreation grant toward the stadium.

John Coate, ASB President, presents Henry Massaro with a life-time pass to CUHS football games in appreciation of his efforts in building the new stadium.

The CUHS band is shown in their new uniforms. The band won the Grand Sweepstakes in the Central Band Review in Merced.

In an administrative change, Mrs. Tommye Hobbs was promoted to Principal, a position formerly held by Ron Moore in a combination position of Superintendent/Principal. Mrs. Hobbs was formerly the Learning Coordinator.

One hundred and one new band uniforms were purchased at a cost of \$17,000. This was made possible through the efforts of the Band Parents. The Lion's Club donated \$7,000. The uniforms should have a life of six to seven years.

A "conversation area" for students, unofficially named "Flintstone Park," was also a new addition. With funds donated by the Class of 1979, this project is usable, although not yet completed. The District provided poles and labor.

IN MEMORY OF PATRICK PRESSLY

Varsity Boys Singles, Spring, 1980

Senior Picture, Fall 1980

When I think of Patrick Pressly, I think of a quiet achiever who was just becoming more assertive. I think of a mischievous person who liked to have a good time without drinking or getting high on drugs. Pat had it all together. He had teachers saying "what a nice boy" when he was planning . . . , his way of getting you in trouble instead of himself.

I think of the times we played tennis and I never won a set.

But most of all, I guess I remember and miss Pat as a friend, who might have said, "That's stupid," but he was always around to listen, and just be there.

We didn't want to forget what was "in" while we were young so a poll was taken to determine what the seniors liked the best. For dragging main, we'd like to be in a Porsche. Of course, Y94 would be playing at full blast much to the annoyance of the adults within hearing distance, and Nick Ryan would be spinning our favorite record, "Another one bites the dust." If we could select the group, it would have been AC/DC, but for a singer we preferred Kenny Rodgers. Certainly we would be wearing Wrangler Jeans. On our way to our favorite movie, Cheech and Chong I and II, we would have stopped at Burger King. Our favorite actor was Clint Eastwood; actress was Jane Fonda. If we had to stay home (grounded on Friday night) there's only one show we would have watched: Dallas!

The question on everyone's mind, "Who shot J.R.?"

Was this really the style in 80-81?

Some of the events of 80-81:

As school opened at CUHS, U.S. citizens remained political prisoners in Iran, unable to follow through with their lives as we were. Supporting the American hostages, radio Station Y-94 sponsored a Solidarity Festival in which Vince, Vance, and Valiance performed among other songs their hit single "Bomb Iran". The idea was started by D.J. Nick Ryan to demonstrate our disapproval of Iran, not its destruction.

Through the fall we saw the Reagan, Carter, and Anderson campaigns with Ronald Reagan winning the Presidential election. This was the first time in over 25 years that the Republican Party won control of the U.S. Senate.

From space, Voyager I flew by Saturn and sent back hundreds of high-quality color pictures of the planet; its famous rings and its moons, including three new moons that were discovered. Back on earth, the Philadelphia Phillies won the World Series for the first time since 1915 and their first World Championship ever by defeating the Kansas City Royals.

There was violence in the world. John Lennon, former Beatle, was shot down in New York City in front of his home. The Civil war in El Salvador raged on into the new year taking the lives of some Americans with it. Also continuing into the new year were the problems of Poland, strikes by independent labor unions and the threat of Russian invasion. It was also a year of high-rise building fires beginning with tragedy at the Las Vegas MGM Grand.

While President Reagan was being inaugurated, the American political prisoners who had been held in captivity in Iran since Nov. 4, 1979, (444 days) were freed due to the tireless efforts of former President Carter. The returned hostages came home in time to see the Oakland Raiders go to the Super Bowl and win it by defeating the Philadelphia Eagles. Once again honoring the American hostages Y-94's D.J. Mike Burlack coordinated the hanging of a giant yellow ribbon on the Del Webb building for the National Thanksgiving Day, Jan. 29, 1981.

The Chowchilla High Varsity Redskins enjoyed their finest year in over a decade as they defeated Dos Palos in an exciting come-from-behind victory, won the league championship outright, and dominated the all-league team with 10 selections.

The 'skins won their first game, but with QB Roger Schuh on the injured list, they dropped the next four games to finish preleague 1-4.

When league started, the Redskins had it all together. After wins over Tranquillity, Kerman, and Firebaugh, rival and league favorite Dos Palos came to town. In a game that will be remembered as one of the best ever, the 'skins came from behind to take a 20-19 victory and an outright league championship. The only league loss came to a fired up Yosemite and was followed by a bitter loss to Washington Union in the first round of the Valley Playoffs. Chowchilla scored once on a 40 yard drive while Washington Union went only 13 yards following a fumble for the decisive score.

Topping off the good year was the selection of 10 gridders to the ALL NSL team, and Head Coach Dennis Fitzpatrick's selection as NSL Coach of the Year. Fitzpatrick has earned three playoff spots, a co-championship, and a championship during his tenure at CUHS.

Dan Umada grinds out a first down.

The highlight of the 1980 JV football season was the exciting, come-from-behind victory over rival Dos Palos. Trailing 20-7 at half time, things looked bleak. But a second-half offensive show put 19 points on the board, while the defense held the Ponies to just 8 points. The 'skins had a good pre-season, going 4-0-1; and followed that with a 3-2 league record, good for a tie for second place. Awards were: Sean McDonald, Best Lineman; Dan Umada, Best Back; Ted Pistoressi, Coaches' Award; Steve Hansen, Best Defensive Back; Umada and Hansen were also team captains.

The 1980 Varsity Volleyball team had a league record of 5-5 for a 3rd place finish. The overall record was 11-9, a winning season. The team was considered a contender for the playoffs as they compiled a 5-2 record. But it wasn't to be as they fell to 5-4 with heartbreaking losses to Kerman (13-15, 15-8, & 13-15) and Yosemite. Kami Gudgel received a medal for her selection to the All-Tourney Team at the Central Tournament. Award winners were: Most Valuable, Yvette Williams; Most Improved, Lori Davis; Team Captain, Taco Hernandez; and the Coaches' Award, Eva Reynolds.

Team Captain John House

With a new coach and a small team, Chowchilla's "hoopers" looked as though they were going to have a "building year." By the end of pre-league, they had a losing 5-7 record and a long season seemed imminent.

But, they opened league with a stunning 42-29 win over Dos Palos. This game was to mark the beginning of a five-game winning streak en route to an outstanding 8-win, 2-loss season, and a co-championship in the NSL with Yosemite. It also earned them a playoff spot in the Sierra-Sequoia division of the Valley Playoffs.

By virtue of winning a coin toss, Chowchilla was the host team and played against the Washington Union Panthers. For the first two-thirds of the games, the 'Skins gave the Panthers all they wanted, but the Panthers prevailed to take a close 49-40 win. The Chowchilla offense suffered from the loss of Chris Bragg, who broke his wrist a few days before the game.

Leading scorer for the season was Keith White with 262 points. David Halmes was close behind with 250. David also led the team in rebounding, steals, and free throws. Chris Bragg and Halmes led the team in assists with an average of 3.5 per game. Bragg made an outstanding 50% of his field goals.

All in all, the Redskin cagers turned what could have been a bad year into a winning 13-9 season.

The girls Basketball team had a few adjustments to make this year. They had to get used to new players, a new coach and a new system of playing basketball. It was similar to trying to teach "old" dogs new tricks. It seemed hard for them to comprehend all the new things being introduced, hard to break those old habits, but through determination and hard work things started paying off.

They started off slowly, losing their first 3 games but then the dividends started coming in. They won 6 out of their last 7 pre-season games leaving their pre-season record at 6-4. League started with their first game away and against one of their toughest opponents—Dos Palos. They lost that opener but decided that would be their only loss, winning the rest of their games in route to a 9-1 league record. They accomplished two important firsts this season, winning the NSL championship and reaching the Valley play-offs for the first time in the history of girls basketball at Chowchilla.

They are to be commended for their hard work, desire and determination in Miss Riley's first season with them. They earned a lot of respect for girls sports at Chowchilla for their successful season and their sportsmanship on and off the court, even when they lost.

The Redskin Band shows off their stuff at a Band Review.

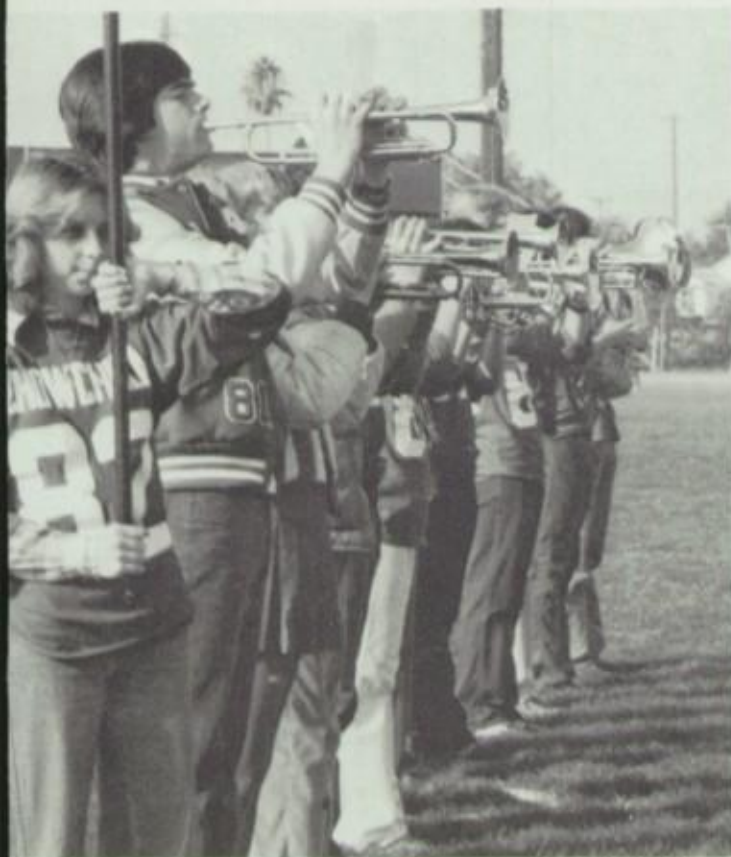

Looks like someone remodeled Mr. Hobson's car.

The band got off to a slow start this year, but ended with a bang. After getting a first place at Modesto Band Review and a second at the Santa Cruz Band Review, the band got it all together. At the Central California Band Review in Merced they won General Effects and Marching and Maneuvering Sweepstakes along with the Grand Sweepstakes. At the California State Band Review they won the Parade Sweepstakes. At their yearly visit to Long Beach they placed second in their division, but out of the seventy-eight bands that attended the review they placed seventh over all. The band is proud and happy as this has been one of the most successful years in band history.

FFA: A Small Step for a Giant Cause

The Chowchilla chapter of Future Farmers of America took a step closer to realizing its dream of becoming the best, most complete FFA chapter in the state of California. 1980-81 was a banner year for sectional championships as the chapter captured 7 of the 11 possible. In addition, the Chowchilla FFA captured its first ever state championship team as its Novice Parliamentary Procedure team swept the state finals.

Chowchilla FFA continues to dominate the fairs and shows up and down the state of California as its members captured 99 championship honors. It marked the 3rd consecutive year in the row, that the chapter lay claim to being #1 in fair exhibitor of livestock in California.

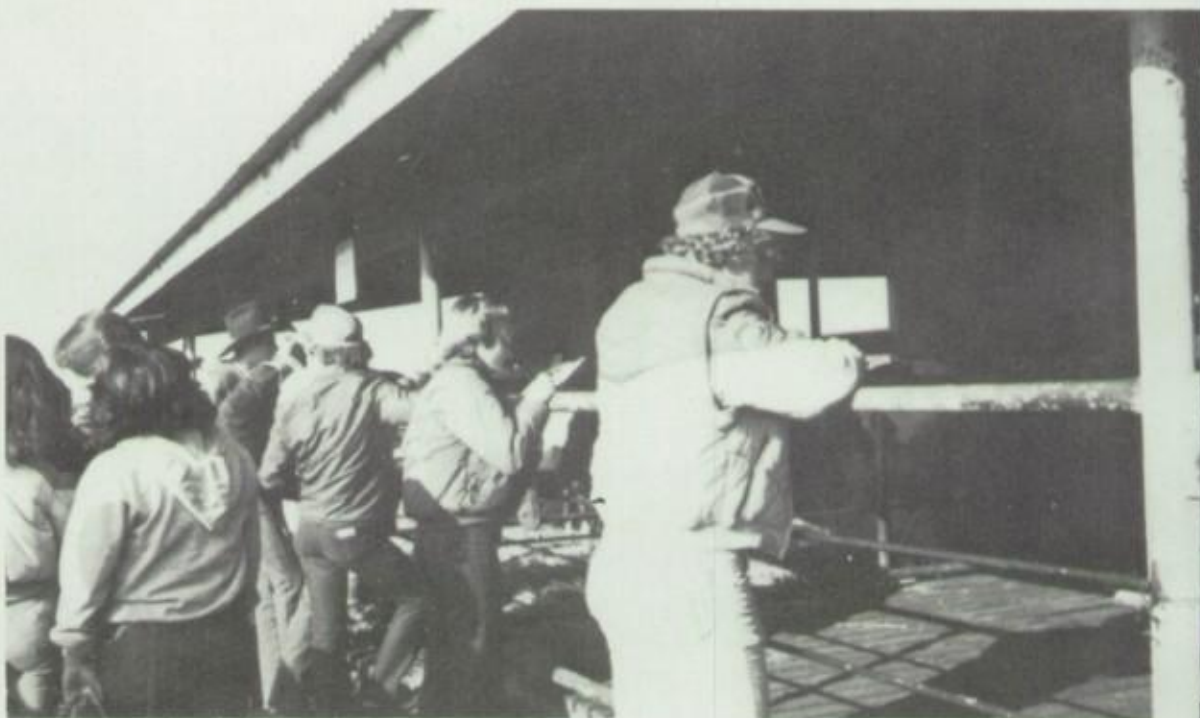

The greatest surprise during the 1980-1981 year, has been the development of chapter leaders who are now asserting themselves at all levels of the section, region, and state organization.

The 1980-81 officer team led by President Kristy Farmer has had a remarkable year in organizing chapter activities.

The chapter advisors commend each member for a job well done, and hope such perserverance will be rewarded with even greater achievements.

ASB In Action . . .

ASB In Student Council

Every year, the students of CUHS elect Associated Student Body Officers. This year they were John Coate, President; Keith White, Vice-President; Andrea Rutherford, Secretary; Roxanne Cooper, Treasurer; and Patty Brossmer, Assistant Treasurer. Mrs. Barbara Brossmer is the Student Activities Director.

ASB Officers and commissioners accomplish their duties during leadership class which was held 5th and 7th periods in the ASB office.

The main goal of the student council this year was to promote individualism and involvement of the whole student body. Other activities planned this year included taking surveys, planning dances and rallies, and conducting student council meetings and business.

President John Coate conducts business at council meeting as secretary Andrea Rutherford records his every word.

... And "On The Road Again."

John Coate informs the Rotary Club that the ASB is planning a "toga" party with the money they donated.

Besides being involved on campus, the ASB officers are also very involved off-campus. For instance, each week President John Coate visits the local Rotary Club and reports on school activities.

Five times during the year the members of our student council meet with the other student councils in the North Sequoia League. This helps to promote better school relations.

Chowchilla High School is a member of the California Association of Student Councils. Each month, we attend meetings with other schools in our region. Our region consists of Fresno, Madera, Merced, and Tuolumne counties. Inter-action with these various schools is considered a good experience.

"The Producers"

Producing a yearbook of 176 pages is an awesome task for a group of high school youth. Add to the task the fact that there was no daily class period, but instead a weekly class, it makes it even more difficult to produce a quality yearbook. Despite these hardships, the yearbook staff has produced another quality yearbook, thanks to the efforts of the hard working group and the many extra hours spent by the editor, Kristy Farmer. In addition to producing a yearbook, this group of dedicated students also produced the school newspaper, "The Redskin." Editor Andrea Rutherford spent extra hours after school and at the Chowchilla News office to help make the paper a success. CUHS can be proud of the dedication of this group.

ROP . . .

The Career Center is full of information on careers, colleges, and employment. If you need some help in that area or if you want to enroll in any of the 18 ROP classes, you can always contact the career technician, Mrs. Jan Maddux.

Cheryl Rascoe tries her hand at the newest addition to the ROP Office Occupations Classroom equipment—the word processor. Diana Schalk and Kristy Kolen wait their turn to try it out.

After meeting the skills standards, Mr. Pazzi, ROP teacher, instructs Paula Weaver on the duties she will have at her community classroom site. Experience at an on-the-job site has proven to be a valuable experience in preparing for the world of work.

A Different Approach

Above left: Students in the ROP Advanced Welding class get instruction and lots of practical experience in the many welding techniques. They are involved in repairs and large individual projects from feeders to trailers.

Above right: Some ROP students travel to Merced sites for instruction. Such is the case for Robin Ewing who is enrolled in the ROP Nurses' Assistant class. In addition to direct patient contact at Merced hospitals and convalescent homes, they learn the importance of accurate record keeping.

Above: An Ag Construction student watches closely as ROP teacher, Mr. Steve Obad, makes a final adjustment. Students constructed several projects which were on display at the famed Tulare Equipment Show.

ROP Childcare

Above left: It's party time in Childcare. Students and Mrs. Wachtler design party favors and plan activities for special days in the ROP class which teaches the art of the care and development of pre-school children.

Above right: Chowchilla and Le Grand students take a break while waiting for the pre-schoolers. The students work with the pre-school class three days a week and are in the classroom two days.

Bottom left: Teaching the pre-schoolers how to play with other children is one of the responsibilities of the students in ROP Childcare. Play-ground coverage is a chore they enjoy as much as the students.

Bottom right: Tiny Tots are proud of their work. With the help of the ROP students and teacher, they learn the basics of printing, coloring and their numbers.

There is a time for every thing and a season for every activity under heaven: A time to end and a time to begin A time to learn and a time to make friends A time to compete and a time to work together A time to be active and a time to be quiet A time to keep and a time to give.
